

As Parents of St. Mary's students, we know it would be very beneficial for our school St. Mary's St Michael to provide bus transportation to other towns. Catholic Schools are closing because of decrease in enrollment. If we could offer transportation to out of town students it would lead to a higher enrollment. We are in support of S.B. No.318. We want to see our school thrive and continue their important work with students toward a Catholic School Education.

Sincerely,

Mr. and Mrs. Robert Sobolisky
